RE: Service Life of the MAXADAPTOR® Coupling

The MAXADAPTOR® line of products are manufactured of quality materials for maximum performance and durability. Consisting of an injection molded EPDM rubber gasket, a high impact polyimide (nylon) securing cage, and corrosion resistant AISI 304 series stainless steel components, the MAXADAPTOR® Coupling will last the life of the adjoining piping system.

The MAXADAPTOR® is IAPMO certified, File No. 4224, and compliant to Uniform Plumbing Code (UPC®), International Plumbing Code (IPC®) and ASTM C 1173.

Gripper Gasket LLC is firmly committed to providing materials and services that meet or exceed our customer's requirements and continually improve the quality of our products, services, and systems.

Best regards,

A handwritten signature in blue ink, appearing to read 'Chris Vansell', is positioned above the printed name.
